---

About this Course:

- 4 Days
- Instructor-led training
- Intermediate
- English

Microsoft is keeping evolving its learning programs to help you and your career keep pace with today's demanding IT environments. The new updated role-based certifications will help you to keep pace with today's business requirements. Microsoft Learning is constantly evolving its learning program to better offer what you need to skill up, prove your expertise to employers and peers, and get the recognition—and opportunities you've earned.

At Windows Server Summit 2021, Microsoft announced a new Windows Server Hybrid Administrator Associate certification. To obtain the Windows Server Hybrid Administrator Associate certification you need to pass two exams: AZ 800 (Administering Windows Server Hybrid Core Infrastructure), and AZ 801 (Configuring Windows Server Hybrid Advanced Services – this study guide).
