

MS-500 – Microsoft 365 Security Administrator

Microsoft Official Course (MOC)

MS-500: Microsoft 365 Security Administrator

3a Kypca (About this Course):

- In this four-part official Microsoft 365 Security Administration course, we cover user password protection, multi-factor authentication, Azure Identity Protection, Active Directory federation services, Azure AD Connect, and introduces you to Conditional Access. You will also learn about threat protection technologies that help protect and secure your Microsoft 365 environment. This Microsoft 365 security course will also examine data retention policies and tags, in-place records management for SharePoint, email retention, and how to conduct content searches that support eDiscovery investigations.
-
