

10967 – Microsoft – Fundamentals of a Windows Server Infrastructure

Microsoft Official Course (MOC)

10967A: Fundamentals of a Windows Server Infrastructure

About this Course:

- This course provides students with the fundamental knowledge and skills to configure and manage Internet Information Services. This course is intended to help provide pre-requisite skills supporting a broad range of Internet web applications, security, and knowledge to help support other products that use IIS such as Exchange and SharePoint. In keeping with that goal, this course will not focus on any particular web application or development practice.
-

Course Goals/Skills:

- Install IIS
 - Configure the default web site
 - Configure and manage application pools
 - Create additional web sites
 - Configure web sites and application support
 - Secure web sites and applications
 - Secure web site data transmission
 - Manage certificates in the Centralized Certificate Store
 - Configure remote administration
 - Implement FTP
 - Monitor IIS
 - Backup and restore IIS
 - Build load-balanced web farms
-

Audience:

- This course is intended for IT Professionals already experienced in general Windows Server and Windows Client administration. No prior experience with any version of Internet Information Services is assumed.
-

Course Format:

	
Присъствен (Classroom) Курс в Учебната ни зала или В Офис на Клиент	Онлайн (Online/Virtual) Курс във виртуална зала с инструктор

Course Language Option

<input type="checkbox"/>	<input type="checkbox"/>
Български (Bulgarian)	Английски (English)

You can choose the language in which the training will be conducted – Bulgarian or English. All our instructors speak fluent English.

Student Guides:

The training materials are available in electronic format. They can be used online / offline on any device. Lifetime access.

Lab Environment:

Each student has their own lab environment where the exercises take place, part of the course. You do not need to install software on a computer or special hardware requirements. Participants in a face-to-face format in our Training Center have an individual computer during the training.

At Course Completion:

	
Lifetime Access - Video Archive 24/7	Certificate of Course Completion

Lifetime access to a video archive with recording of each individual lecture.

Official internationally recognized certificate for completed training course.
