

40368 – Mobility & Devices Fundamentals

Microsoft Official Courses (MOC)

Course 40368A: Mobility & Devices Fundamentals: MTA Exam 98-368

Microsoft
Partner

About this Course:

- This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98-368, and build an understanding of these topics: Device configurations, data access and management, device security, cloud services, and enterprise mobility.

Course Goals/Skills:

- Understand device configurations
- Understand data access and management
- Understand device security
- Understand cloud services
- Understand enterprise mobility

Audience:

- The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience.
-
