

APS – Applying Professional Scrum Training

Applying Professional Scrum Training

About this Course:

- Applying Professional Scrum™ (APS) is a hands-on, activity based course in which students experience how Professional Scrum and the Scrum framework improve their ability to deliver value compared to traditional methods. Scrum provides a better way of working that highlights the use of experimentation, incremental delivery of customer value, frequent feedback loops and the fostering of strong team dynamics. The course provides an active learning environment for students to engage in discussion, team-based exercises, and individual reflection. During the course, students work in Scrum Teams over a series of Sprints to learn Scrum while using Scrum.

Course Goals:

- Learn about Agility and how Scrum differs from traditional plan-driven work models
- Develop an Agile mindset by focusing on professionalism, experimentation, and outcomes
- Learn (or relearn) the fundamentals of Scrum and how to apply them correctly
- Develop an understanding of what it is like to use Scrum and if it is right for your team
- Learn how to be a great Scrum Team member, or how to support a great Scrum Team
- Leave the class with ways to identify common pitfalls and how to avoid them
- Students use a set of proven practices throughout the class that can be used to enhance their application of Scrum
- Leave with tools that help Identify first steps in applying Professional Scrum with your team
