

# AWS Certified Advanced Networking – Specialty

## AWS Certified Advanced Networking – Specialty

---

### Course Skills:

- Navigate the AWS Certified Advanced Networking – Specialty exam
- Understand advanced networking concepts in AWS so you can design well-architected networking frameworks for your workloads in Amazon Virtual Private Cloud (Amazon VPC)
- Connect on-premises data centers to Amazon VPC (AWS Direct Connect, AWS VPN), enabling AWS to function as an extension of the data center
- Leverage network automation to accelerate workload deployments and app migration
- Incorporate individual application networking requirements that use different AWS services into the overall network design
- Practice network security and network troubleshooting best practices
- Design, manage, and maintain tools to automate operational processes.

---

## Audience:

- Data engineers
  - Solutions architects
  - Network engineers
  - Infrastructure engineers who are preparing to take the AWS Certified Advanced Networking – Specialty exam
- 

## Course Format:

	
<b>Присъствен (Classroom)</b> Курс в Учебната ни зала или В Офис на Клиент	<b>Онлайн (Online/Virtual)</b> Курс във виртуална зала с инструктор

---

## Course Language Option

	
<b>Български (Bulgarian)</b>	<b>Английски (English)</b>

You can choose the language in which the training will be conducted – Bulgarian or English. All our instructors are fluent in English.

---

## **Student Guides:**

The training materials are available in electronic format. They can be used online / offline on any device. Lifetime access.

---

## **Lab Environment:**

Each student has their own lab environment where the exercises are conducted, part of the course. You do not need to install software on a computer or special hardware requirements. Participants in a face-to-face format in our Training Center have an individual computer during the training.

---

## At Course Completion:

	
<b>Lifetime Access - Video Archive 24/7</b>	<b>Certificate of Course Completion</b>

**Lifetime access to a video archive with recording of each individual lecture.**

**Official internationally recognized certificate for completed training course.**

---

## Course Duration:

- 3 working days (09:00 – 17:00)  
or
  - 24 hours training (theory and practice) in non-working hours lasting 2 weeks  
Saturday and Sunday 10:00 – 14:00, 14:00 – 18:00, 18:00 – 22:00  
Monday and Wednesday 19:00 – 23:00  
Tuesday and Thursday 19:00 – 23:00
- 

## Payments:

An application for an invoice is accepted at the time of enrollment in the respective course.

An invoice is issued within 7 days of confirming the payment.

---

## Next Class:

- There are no upcoming events.

For more information, use the contact format. We will contact you to confirm the data.

---

## Prerequisites:

- A current AWS Certified Cloud Practitioner or Associate-level AWS Certification
  - Two or more years of hands-on experience in maintaining and implementing large-scale networks
- 

**This Class will teach you how to pass the**

**following exams:**

- **AWS Certified Advanced Networking – Specialty**
