EBIOS (PECB)

Risk Assessment Methods Trainings

About this Course:

• EBIOS Risk Manager training enables you to gain the necessary knowledge and develop the necessary competence to master risk management concepts and components related to all assets of relevance for Information Security based on the EBIOS method.

Based on practical exercises and case studies, you will have the opportunity to acquire the necessary skills to perform an optimal Information Security risk assessment and timely risk management by being familiar with its life cycle. This training fits perfectly in the framework of the ISO/IEC 27001 standard implementation process.

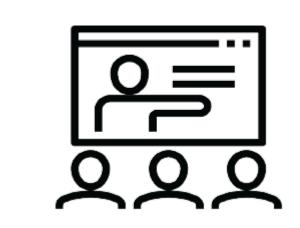

After mastering all the necessary concepts of risk

assessment using the EBIOS method, you can sit for the exam and apply for a "PECB Certified EBIOS Risk Manager" credential. By holding a PECB Risk Manager Certificate, you will be able to demonstrate that you have the practical knowledge and professional capabilities to support an organization in performing risk assessment based on the EBIOS method.

Course Goals/Skills:

- Understand the concepts and basic principles of risk management associated with the use of the EBIOS method
- Understand the activities of the EBIOS method in order to follow the completion of studies (pilot, control, reframe) as a work master
- Understand and explain the findings of an EBIOS study and its key deliverables
- Acquire the necessary skills to carry out an EBIOS study
- Acquire the necessary skills to manage security risks of an organization's information systems
- Develop the necessary skills to analyze and communicate the results of an EBIOS study

Course Format:

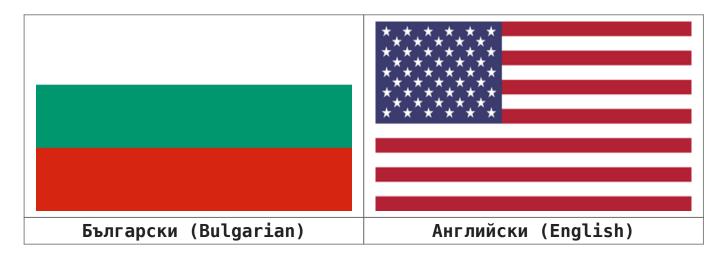

Присъствен (Classroom) Курс в Учебната ни зала или В Офис на Клиент

Онлайн (Online/Virtual) Курс във виртуална зала с инструктор

Course Language Option:

You can choose the language in which the training will be conducted — Bulgarian or English. All our instructors are fluent in English.

Student Guides:

The training materials are available in electronic format. They can be used online / offline on any device. Lifetime access.
