

# ISO 14001 Lead Implementer

## ISO 14001 Lead Implementer (PECB)

# PECB

---

### About this Course:

- [ISO 14001](#) Lead Implementer training enables you to develop the necessary expertise to support an organization in establishing, implementing, managing and maintaining an Environmental Management System (EMS) based on ISO 14001. During this training course, you will also gain a thorough understanding of the best practices of Environmental Management Systems, consequently reducing an organization's negative environmental impacts and improving its overall performance and efficiency.

After mastering all the necessary concepts of Environmental Management Systems, you can sit for the exam and apply for a "PECB Certified ISO 14001 Lead Implementer" credential. By holding a PECB Lead Implementer Certificate, you will be able to demonstrate that you have the practical knowledge

and professional capabilities to implement ISO 14001 in an organization.

---

## **Course Goals/Skills:**

- Acknowledge the correlation between ISO 14001, ISO 14040 and other standards and regulatory frameworks
  - Master the concepts, approaches, methods and techniques used for the implementation and effective management of an EMS
  - Learn how to interpret the ISO 14001 requirements in the specific context of an organization
  - Learn how to support an organization to effectively plan, implement, manage, monitor and maintain an EMS
  - Acquire the expertise to advise an organization in implementing Environmental Management System best practices
-
