

ISO 18788 Foundation

ISO 18788 Foundation (PECB)

About this Course:

- The ISO 18788 Foundation training enables you to learn the basic elements to implement and manage a Security Operations Management System (SOMS) as specified by ISO 18788. During this training course, you will be able to understand the different modules of a SOMS, including the SOMS policy, legal requirements/implications, risk assessment, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for a “PECB Certified ISO 18788 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.

Course Goals/Skills:

- Understand the elements and operations of a Security Operations Management System and its principal processes
 - Acknowledge the correlation between ISO 18788 and other standards and regulatory frameworks
 - Understand the approaches, methods and techniques used for the implementation and management of a SOMS
