

ISO 22000 Foundation

ISO 22000 Foundation (PECB)

About this Course:

- The PECB Certified ISO 22000 Foundation training course presents the basic information on the concepts of food safety management and an overview of the ISO 22000 requirements. By participating in this training course, you will be able to understand the different aspects of an FSMS based on ISO 22000, including the top management commitment, food safety policy, work environment, operational controls, PRPs, traceability, hazard controls, performance evaluations, and continual improvement.

The successful completion of the training course is followed by an exam. If you pass the exam, you can apply for the “PECB Certified ISO 22000 Foundation” credential. An internationally recognized “PECB ISO 22000 Foundation” certificate validates your professional capabilities and demonstrates your ability to participate in an implementation project of an FSMS based on ISO 22000.

Course Goals/Skills:

- Get acquainted with the fundamental concepts and principles of ISO 22000
 - Understand the requirements of ISO 22000 for a food safety management system (FSMS)
 - Understand the basic approaches, methods, and practices that can be used for the implementation of FSMS
-
