

ISO 37001 Foundation

ISO 37001 Foundation (PECB)

About this Course:

- This training course is designed to help participants understand the fundamental concepts and principles of an anti-bribery management system (ABMS) based on ISO 37001. By attending this training course, participants will learn more about the structure and requirements of the standard for an ABMS, including the anti-bribery policy, the top management's leadership and commitment, processes related to specific controls such as due diligence, financial and non-financial controls, gifts, hospitality, and donations, as well as performance evaluation and continual improvement processes.

After completing this training course, you can sit for the exam and, if you successfully pass it, you can apply for the "PECB Certified ISO 37001 Foundation" credential. A PECB foundation certificate proves that you have knowledge on the fundamental concepts, principles, methodologies, requirements, framework, and management approach used in establishing anti-bribery management

systems.

Course Goals/Skills:

- Understand the basic anti-bribery concepts, definitions, and approaches
- Get acquainted with ISO 37001 requirements for an anti-bribery management system
- Develop a general understanding of how ISO 37001 requirements could be applied in an organization
