

ISO 9001 Foundation (PECB)

ISO 9001 Introduction (PECB)

About this Course:

- ISO 9001 Foundation training enables you to learn the basic elements to implement and manage a Quality Management System (QMS) as specified in ISO 9001. During this training course, you will be able to understand the different modules of a QMS, including QMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for a “PECB Certified ISO 9001 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.

Course Goals/Skills:

- Understand the elements and operations of a Quality Management System and its principal processes
 - Acknowledge the correlation between ISO 9001 and other standards and regulatory frameworks
 - Understand the approaches, methods and techniques used for the implementation and management of a QMS
