

ISO/IEC 27005 Foundation

ISO/IEC 27005 Foundation (PECB)

About this Course:

- ISO/IEC 27005 Foundation training course enables the participants understand the fundamental concepts and principles of information security risk management based on ISO/IEC 27005.

By attending this training course, participants will learn more about the structure of the standard including information security risk assessment, treatment, acceptance, communication and consultation, and monitoring and review. They will also gain basic knowledge related to information security risk management based on other standards such as ISO/IEC 27001 and ISO 31000.

After attending the training course, you can sit for the exam and, if you successfully pass it, you can apply for a “PECB Certified ISO/IEC 27005 Foundation” credential. A PECB Foundation certificate shows that you have knowledge on the fundamental concepts, principles, methodologies,

processes, and management approaches used in information security risk management.

Course Goals/Skills:

- Understand the basic concepts of information security risk management
 - Acknowledge the correlation between ISO/IEC 27005, ISO 31000, ISO/IEC 27001, and other standards and regulatory frameworks
 - Understand the approaches, methods, and techniques used for the management of information security risks
-

Course Format:

<input type="checkbox"/>	<input type="checkbox"/>
Присъствен (Classroom) Курс в Учебната ни зала или В Офис на Клиент	Онлайн (Online/Virtual) Курс във виртуална зала с инструктор

Course Language Option:

<input type="checkbox"/>	<input type="checkbox"/>
Български (Bulgarian)	Английски (English)

You can choose the language in which the training will be conducted – Bulgarian or English. All our instructors are fluent in English.

Student Guides:
