ISO/IEC 29100 Foundation

ISO/IEC 29100 Foundation (PECB)

About this Course:

- The ISO/IEC 29100 Foundation training course enables you to gain knowledge on the fundamentals of designing, implementing, operating, and maintaining Information and Communication Technology (ICT) systems that handle and protect Personally Identifiable Information (PII).

  After attending this training course, you can sit for the exam, and if you successfully pass the exam, you can apply for the "PECB Certified ISO/IEC 29100 Foundation" credential. A PECB Foundation certificate shows that you have understood the concepts, principles, and the basic structure of the implementation and management of a privacy framework based on the ISO/IEC 29100 international standard.

Course Goals/Skills:

- Comprehend the privacy principles of ISO/IEC 29100
- Understand the concepts, principles, requirements, main processes, and best practices of privacy protection based on ISO/IEC 29100
- Understand the approaches, methods, and techniques used for the implementation and management of a privacy framework
