

PAL-E – PROFESSIONAL AGILE LEADERSHIP ESSENTIALS TRAINING

Professional Agile Leadership Essentials Training

About this Course:

- The Professional Agile Leadership Essentials (PAL-E) is a 2-day hands-on workshop that uses a combination of instruction and hands-on exercises to help managers and other leaders who work directly with agile teams understand how to best support, guide, and coach their teams to improve their agile capabilities.

Course Goals:

- This workshop will equip leaders and managers to help their organizations change by providing participants

with:

- An understanding of how agility can help you improve your organization's performance
 - An understanding of how you, as a manager or leader, can help your organization achieve the benefits of agility
 - An understanding of how culture and values influence your organization's ability to reap the benefits of agility
 - Practical skills for helping to guide and coach agile teams, and to help them remove impediments
 - An understanding of how to measure the benefits and impacts of agility in your organization
-

Audience:

- The workshop provides a foundation for the role that leaders play in creating the conditions for a successful agile transformation. Leaders and managers are critical enablers in helping their organizations be successful, yet the role of leaders and managers in an agile organization can be quite different from what they are used to. This workshop uses a combination of instruction and team-based exercises to help participants learn how to form and support agile teams to achieve better results, and how to lead the cultural and behavioral changes that organizations must make to reap the benefits of an agile product delivery approach.
