

PSP0 – PROFESSIONAL SCRUM PRODUCT OWNER TRAINING

Professional Scrum Product Owner Training

About this Course:

Professional Scrum Product Owner™ (PSP0) is a hands-on, activity-based course where students explore Professional Scrum and develop an understanding of the critical role that the Product Owner plays on the Scrum Team. Throughout the class, students learn a number of Product Ownership practices that they can use once they leave the classroom while also receiving an introduction to Agile Product Management.

Course Goals:

- Increase business agility through the proper execution

of the Product Owner role

- Recognize the value of a *product over project* mindset
 - Learn how to bridge business strategy to product execution using Scrum
 - Understand that the Product Owner is an Agile Product Manager
 - Understand the Scrum Principles and Empiricism
 - Understand the Product Owner accountabilities on the Scrum Team
 - Learn how to align the team around the business strategy, product vision, Product Goal, and Sprint Goal
 - Find ways to effectively communicate the business strategy, product vision, and Product Goal
 - Learn techniques for Product Backlog Management, Release Management, and Forecasting
 - Identify metrics that can be used to track value creation, and successful product delivery
 - Discover techniques to interact with stakeholders, customers, and the members of the Scrum Team
-

Audience:

- This course is appropriate for students in any industry where teams are working to solve complex problems. The Professional Scrum Product Owner course is for:
 - Professionals interested in starting a career as a Product Owner
 - Product Owners with some experience in the role that are looking to improve their understanding or fix their misconceptions of Scrum and the Product Owner role
 - Scrum Masters wishing to be an effective coach to Product Owners will also find valuable insights in this course
