

SDC – Scrum Developer Certified

SDC – Certified Scrum Developer

About this Course:

- Scrum Developer Certified (SDC®) is an entry level certification for Scrum Team members and those who interact with any Scrum Team. The objective of this certification is to ensure that Scrum Team members know enough about Scrum to effectively contribute to a Scrum project.
-

Course Goals:

- A holistic approach to the facilitation of co-creation of value with customers and other stakeholders in the form of products and services
 - The guiding principles of ITIL 4
 - The four dimensions of Service Management
 - Key concepts from Lean, Agile, DevOps, and why these are important to deliver business value
 - How ITIL practices described in ITIL 4 will maintain the value and importance provided by the current ITIL processes, whilst at the same time expand to be integrated to different areas of service management and IT, from demand to value.
-

Audience:

- This is highly recommended for everyone in a company who works in a Scrum Team or anyone who interacts with any Scrum Team. This will also be very useful for those who are interested in understanding the basics of Scrum and how this method could be used effectively.
